

Pancreatic cancer

1. Staging and current evidence on neoadjuvant and adjuvant chemotherapy for resectable and bordering resectable pancreatic cancer: **Professor Dan Palmer, Liverpool, UK**
2. Arterial divestment and vascular resection in locally advanced pancreatic cancer: ? **Faik Uzunoglu, Hamburg, Germany**
3. Minimally invasive distal pancreatectomy: **Steve White, Newcastle, UK**
4. Minimally invasive pancreatoduodenectomy: **Marc Besselink. AMC, Amsterdam**

Pancreatic Neuroendocrine tumours and cystic pancreatic neoplasms

1. Surveillance and surgery for PNETS : **Kjetil Soreide, Stavanger, Norway**
2. Management of high grade pancreatic NET and Neuroendocrine Carcinomas : **Jeremy French, Newcastle**
3. IPMN: Surveillance and Surgery: **Giovanni Marchegiani, Padova, Italy**
4. IPMN with Low and high grade dysplasia: Management strategies and outcomes: **Marcus Holmberg: Karolinska Institute, Stockholm. Sweden**
5. Adenocarcinoma arising from IPMN: **Sanjay Pandanaboyana, Newcastle, UK**

Post pancreatectomy complications

1. Postoperative pancreatic fistula: Prediction and treatment: **Keith Roberts, Birmingham, UK**
2. Postpancreatectomy acute pancreatitis: Prediction and treatment: **Giovanni Marchegiani, Padova, Italy**
3. Delayed Gastric Emptying and Post pancreatectomy Haemorrhage : Management: **Isabella Frigerio, Pederzoli Hospital - Peschiera Del Garda, Italy**
4. Enhanced Recovery after pancreatic resection: **TBC**

E-AHPBA Gold Seal Course:

Pancreas

October, 10, 2025

Course Chair: Prof. Sanjay Pandanaboyana

Location: Surgeons Quarter,
Edinburgh, United Kingdom

Acute and chronic pancreatitis

1. Early management of acute pancreatitis: **Albrecht Neesse, Gottingen, Germany**
2. Interventions for necrotising pancreatitis: **Manu Nayar, Newcastle, UK**
3. Surgery for chronic pancreatitis: **Ajith Siriwardena, Manchester, UK**
4. Total pancreatectomy and Autoislet transplantation for CP: **Steve White, Newcastle, uk**
