## Assessment of the interdisciplinary and surgical management of pancreatic neuroendocrine tumours (pNET)

This survey is conducted to assess the current status of surgical management of pancreatic neuroendocrine tumours (pNET) across Europe. Your information and opinion are important and will be helpful to improve the quality of pNET management within Europe.

If you like, you have the possibility to provide your email address in case you would like to be updated about results, and publication of this work. The data will be anonymously analyzed irrespective of whether you provide your address or not.

This survey was prepared by the EYSAC Research Academy in conjunction with ESSO. For any queries, please contact info@essoweb.org. This survey takes 7-10 minutes. Thank you for your time.
